

# I wonder how we can inspire future STEM superstars?

**WHERE SCIENCE  
TECHNOLOGY  
ENGINEERING AND  
MATHS COME ALIVE.**

**The Wonder Project is Engineering  
New Zealand's free programme for  
schools, designed to get young Kiwis  
excited about science, technology,  
engineering and maths (STEM).**

In New Zealand, there's a huge skills shortfall in STEM. We simply don't have enough young people pursuing careers in these fields. The Wonder Project aims to change that with its hands-on school programmes, designed to spark wonder and awe in young Kiwis and get them excited about a future STEM career.

**Being a STEM superstar is awesome – are you  
ready to inspire the next generation?**

POWERED BY **CallaghanInnovation**  
New Zealand's Innovation Agency

# Join the crew!

**Wonder Project Ambassadors are professionals working in the STEM sector who want to make a real difference. You don't have to be an engineer – we welcome people from all STEM fields.**

## Inspire rangatahi with STEM

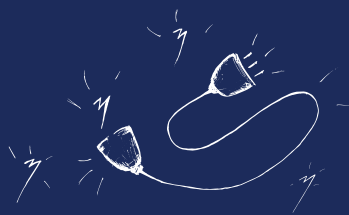

Support a class over a school term to complete one of our fun STEM challenges.  
Or, support our STEM Careers initiative and inspire with your career story or workplace.

### Rocket Challenge

**Level 3, Year 5–6**  
**Term 1 & 2**

Houston, we have lift off!  
Students blast off into STEM by designing, building and launching a water rocket.

### Power Challenge

**Level 4, Year 7–8**  
**Term 3**

Power up! Students design and build a wind turbine and work as a team to light up their own mini town.

### STEM Careers

**Year 7–13**  
**Year Round**

The future is bright! Students are given a taste of the real world with industry visits and motivating career talks.

---

## Hosting a Wonder Experience

Hosting a group of students at your workplace is an opportunity to showcase certain careers and support students' exploration of career opportunities.

## Benefit for ambassadors

Being a Wonder Project Ambassador is an opportunity to:

- Give back to the community
- Inspire a diverse range of students
- Future-proof the STEM industry
- Build your communication and presentation skills
- Complete hours towards your continuing professional development
- Lift the profile of the company you work with.
